HR Professional

In addition to the services provided in the HR Support package, this service provides hands-on assistance in creating and implementing HR practices, resolving employee problems and performing HR functions. We help every month with your highest HR priorities.

Based on your particular needs, we set targeted support hours each month in which we perform your choice of HR functions and help create your HR infrastructure. Targeted hours are managed on a quarterly basis, allowing for higher support in some months as needed. Support hours range from 4 to 50 hours per month.
